

MURDER FOLLOWED

By Suicide of Husband of a Kansas City Society Woman,

Who Two Years Ago Horsewhipped a Man for Attempting to Flirt With Her. She Had Sued Her Husband for a Divorce.

Kansas City, Mo., Aug. 15.—Mrs. Little Maud Evans, wife of Geo. B. Evans, manager of the American Transfer Co., was murdered in her home in this city early today. Her husband, from whom she filed suit for divorce, last Wednesday, cannot be found, and the police are searching for him. He was seen in a saloon near his home early today, when he displayed a revolver. The murder is believed to have been committed while Mrs. Evans was asleep. A servant girl was aroused by shots and the loud voice of a man. The man, according to the girl, fired two shots, both of which went wide of the mark. Then catching hold of Mrs. Evans' by her hair, he dragged her to the side of the bed nearest him, deliberately placed his revolver against the back of her neck, and fired. The shot literally blew the woman's head off. He then escaped. Later Evans' dead body was found in Mt. St. Mary's cemetery, two miles from the scene of the murder. He had shot himself in the head.

Mrs. Evans, who was 26 years of age, was a society woman. She was married to Evans in 1898. Last Wednesday, she filed suit for divorce, alleging drunkenness and cruelty, and at the same time, brought suit demanding that her husband pay \$300 for rent of the barn occupied by the company of which he is manager.

The property, Mrs. Evans asserted, belongs to her, and in addition, she asked an order restraining Evans from disposing of two valuable race horses, and other property which she said also belonged to her. Mrs. Evans' attracted much attention last March, during the teamsters strike by driving one of her husbands transfer wagon's which the regular driver refused to take out of the barn, for fear of violence at the hands of the strikers. Mrs. Evans made several trips, perched on the seat of a big truck, between her husband's barn and the freight houses, driving fearlessly through the crowds of jeering strikers. Once, when some of the strikers tried to cut the horses' traces, she lashed the men with her whip, and proceeded with out being further molested. Two years ago, Mrs. Evans also gained some notoriety by horse whipping a man who had attempted to flirt with her.

TWIGG GOT EVEN BY KILLING SEVEN.

Maniacal Deed of Man Who Was Disappointed in Love and Brooded Over It Until Reason Fled Him.

Winfield, Kans., Aug. 15.—Seven persons are now dead as a result of the maniacal deed of Gilbert Twigg, who fired into the crowd at a band concert here, on Thursday night. Twigg and three of his victims died within a short time. Those who have since succumbed to their injuries are Porter Smith, a farmer; Dawson Bell, a carpenter and Roy Davis, a school boy. Elmer Farnsworth and Otis Carter are dying, while Claude Reed, Charles Thomas and James Clarkson are in a critical condition. A score of others are badly hurt.

A letter has been found among the effects of Twigg which indicates that he planned the massacre some days ago. It appears that Twigg was disappointed several years ago in a love affair, and that he had brooded over

THE OPINION OF JUDGE DAY

Sustains the Constitutionality of the Foraker Revenue Act.

New York, Aug. 15.—Judge Ray in United States court has handed down an opinion sustaining the constitutionality for the Foraker Act, which provided a new revenue tax on merchandise brought into the United States from Porto Rico after the island ceased to be a foreign country. Today's decision sustained a demurrer interposed by the United States in the action commenced against it by the sugar importing firm of Isaac & Co., of New York. The firm imported a cargo of sugar from Porto Rico on June 12, 1899, which was placed on its arrival in a bonded warehouse. The entry was liquidated November 14,

1899, under the existing Dingley tariff act. On June 6th, the entry was re-liquidated and duties reassessed under the Foraker act. The firm protested against the imposition of any unusual duties. Finally under protest \$2,500 duty was paid and suit for its recovery instituted. The government demurred, claiming that the goods were dutiable under the so-called Foraker act. Judge Ray sustained the demurrer. The real question at issue and not previously raised, was that portion of the Foraker act which provided for the assessing of merchandise in bonded warehouses at the time the new law went into effect.

JUDGE LYNCH WILL COMMIT

Hurried Justice With Repetition for Two Western Murderers Tonight.

Cheyenne, Wyo., Aug. 15.—Advices from Lander, at 2 o'clock this morning, indicate that that town will probably be the scene of a double lynching and that Jas. Keffer and Jas. Dollard will be the victims. A large crowd of excited men gathered about the Lander's jail at 11:30 last night, and for a time, it looked as though the bastille would be stormed at once. The mob was armed with rifles and revolvers, and two or three men carried ropes. After a brief consultation among the leaders, the crowd apparently dispersed. Since that hour, men have been seen lurking in the shadows of the buildings of the county jail, and an attack is expected at any moment, the dispersing of the mob being a ruse, it is believed, to throw the officers off their guard.

Dollard killed Frank Bryant in a saloon, on Wednesday, after having brained Ross Stringer, with a board in the street. Dollard, who is an ex-rough rider, was "shooting up the town" at the time. James Keffer was convicted of murdering Wm. Marrin, a stage tender on the Lander-Rawlins line, two years ago, and was sentenced to be hanged, but was granted a stay of execution pending an application to the supreme court. The regular guard is at the jail, that is all. Sentiment in Lander appears to be all one way, and unless the prisoners are spirited away which is doubtful, it seems certain that both men will be hanged.

Comes Off Tonight.

Cheyenne, Wyo., Aug. 15.—Up to 10 o'clock this morning, no lynching had occurred at Lander, but the sentiment for one appeared to be very strong, and it is feared an attempt will be made tonight, if not before, to take both Dollard and Keffer from jail and hang them.

BIG METEOR FELL IN WOLVERINE STATE.

Detroit, Mich., Aug. 15.—A special to the Free Press, from Mendon, Mich., says: "A large meteor which fell here last night, destroyed a portion of the bridge over the St. Joe river. It buried itself in the earth, and made a hole nearly twenty feet deep. It gave forth a screeching sound, as it passed through the sky, and struck the earth with a report that was heard for a long distance."

DIED PAUPER AT HOSPITAL

On Ward's Island After Spending Millions With a Lavish Hand.

New York, Aug. 15.—Moses Rockwell Crow, projector of extensive water companies, and once a millionaire, has died a pauper at the state hospital on Ward's Island. His body has been placed in the mausoleum, the finest in the middle west, which he had built in the heyday of his prosperity, at Falls City, Nebraska. He projected the present water system used to supply Ward's Island, where he died of brain fever, after an illness of several months, following his term as a charity patient at Bellevue hospital.

Crow made the millions he spent so lavishly by developing water systems for a number of communities, notably in Grand Rapids, Mich., and in West Chester county, in this state. Money being needed for further operations, he mortgaged his property and plants recklessly.

Bad financing and business quarrels got him into complicated litigation, which ended in foreclosure proceedings and the loss of his entire property.

PASSENGER TRAIN WENT

Through Bridge, and Fourteen Persons Were Injured—One From Ohio.

Buena Vista, Col., Aug. 15.—An east-bound Denver and Rio Grande passenger train, went through a bridge near Nathrop, eight miles east of here last night, causing the injury of 14 passengers. Among the injured are: Mrs. Hopkins, Albion, O., bad cut over left eye, and internal injuries; Mr. Luther, of Pittsburgh, face badly cut. The wreck occurred on a bridge weakened by a heavy rain.

GOEBLE WILL BE KILLED

Georgetown, Ky., Aug. 15.—Witnesses were introduced in the Power's conspiracy case, this morning, to show the capture of the defendant at Lexington, as he was fleeing to the mountains, and to identify Power's as the man on the steps of the executive building at the time of the shooting. Former congressman John H. Wilson, of Barboursville, told of J. Lon Butler, a participant in the meetings of the alleged conspirators, saying to him a few days before the killing: "Goebel will be killed and Frankfort's streets will run with blood."

INJUNCTION IS APPLIED FOR

In Two Cases Filed Today by the Three S Oil Company.

The Three S Oil Company is docketed as the plaintiff in two foreclosure suits today, both of which deal with the defendants in propositions running well into the thousands.

The application calls for the payment in one case of \$40,000 and in the other of \$117,200, and the affairs of the company have been placed in the hands of attorney A. S. Graham, who left today for Sidney to apply for an injunction and receiver from Judge Mathers.

The property described in the petition was sold recently to Chicago parties, and a check for \$20,000 was due and payable several days ago, but the mails and telegraph wires have brought no response. In order that the property, which consists of 320 acres in Bath township may be amply protected, as well as those interested in the transfer, the court was appealed to and counsel for the plaintiffs went to Sidney to get on the ground floor.

The style of the first case is marked Simon Spellacy, et al., vs. the Three S Oil Co. and the other, Simon Spellacy et al., vs. C. D. Carlson et al. There is a prayer for an injunction in both cases.

BOSS HALL'S COUP D'ETAT

Will Hold Caucus and Convention While Renegades Are in Camp.

Boss Hall has attempted to retain control of the republican party machinery in Allen county by springing an unexpected coup d'etat on the Quail-Gale crowd. He still owns the majority of the present county central committee and under his orders a meeting of that committee was called this morning and the secretary was authorized to issue a call for the holding of ward, township and precinct caucuses next Friday and a county delegate convention on next Saturday. The object of holding the election of delegates and the county convention on such short notice and on the dates selected is very evident. It is to elect the delegates and secure control of the next county central committee and

name a Hall county ticket while the leaders of the anti-Hall crowd, the Republican Tammanyites are out of the city. Boss George H. (Quail) of the Tammany anti-Hall crowd, Frank Downing and several other "renegades" are in camp in northern Michigan and tonight Capt. Gale and many other anti-Hall men who belong to the Second regiment will start for Newark, where the military encampment will be on while "Doc" is holding his caucuses and county convention.

Boss George H. has been telegraphed for by the Tammany crowd and there will be something doing in the republican camp between now and next Saturday.

DRIVER OF A WAGON KILLED BY A TRAIN.

No. 4 on the C. H. & D. Delayed Yesterday on Account of an Accident Near Piqua.

No. 4, north bound passenger train, on the C. H. & D., due here at 4:35, was delayed 40 minutes yesterday afternoon on account of an accident which occurred between Piqua and Troy.

A wagon was struck at a cross road, and the driver was killed, but the particulars were not sent to Lima, as superintendent Floeter has supervision only over that portion of the line between this city and Toledo, all reports south of Lima being sent to Supt. Gordon, at Dayton.

ADDITIONAL SOCIETY.

The home of Miss Anna Calkins on east High street was the scene of an assemblage of musicians on Monday evening, where pleasures intermingled with regrets, the occasion being the eve of the departure of Miss Edna Schwilk, a faithful member of St. Paul's Lutheran church choir, for her future home in California.

As a reminder of the love and esteem in which Miss Schwilk is held by the members of that organization, she was the recipient of several useful and ornamental gifts, among them a beautiful church hymnal complete with music.

The affair was a happy and profitable one and a number of reminiscences

pertaining to the sacrifices and pleasures of choir members were related. The time to say "farewell" came only too soon.

Miss Clara Gallagher entertained friends last evening, honoring Miss Grace Sullivan of Chicago.

Excursion to Indianapolis.

The L. E. & W. R. R. will have another excursion to Indiana's capital city, on Sunday, Aug. 23rd. Train leaves Lima at 1:40 a. m. Rate \$1.50.

BANKERS HUSTLING

To Drive Uncle Sam and Express Companies Out of Business.

They Want to Handle Money Order Business, Admit Trust Companies to Their Association, and Force Them to Carry Reserve Fund.

New York, President Stephen M. Griswold, of the New York State Bankers' Association, says that at the tenth annual meeting of the association to be held in Saratoga, Sept. 10 and 11, action will be taken looking to the doing away with the money order system by the express companies and the postoffice department, and the taking up of the same by the banks.

"In addition to the money order business the association will tackle the question of admitting trust companies to the state association," said he, "at present the trust companies are not obliged to keep a reserve.

This gives them an advantage that the banks object to. The bankers all over the country are taking steps to bring the necessary pressure to bear so that the money order business now transacted by the postoffice department and the express companies shall be controlled wholly by the banks. The banking associations of various states have taken the necessary action already, and expect to fall in line with our western brethren and reach an agreement that will enable the banks to conduct this particular branch of the banking business advantageously to the general public."

SMALL SUM FOR NEW YORK.

Official Discovers That City Has Lost Million in Water Frauds.

New York, Aug. 15.—Evidence of nothing worse on the part of many fraud by which the city has lost sums aggregating almost one million dollars has been obtained by Water Commissioner Monroe. Three inspectors in the water department are under suspension, and one probably will be called upon to answer charges within a few days. The facts disclosed are said to show gross carelessness if

not by the ordinance.

BIG REWARD IS OFFERED

For Location of Missing Man and Wife Whom He Abducted.

Champaign, Ill., Aug. 15.—A mob which formed last night to rescue the wife of Homer Manspile, a farmer near Sydney, who abducted his wife at the point of a revolver, is unable to locate the couple. The wife separated from her husband, a year ago, and has been living with her father, Frank Lohman, of Sydney. Manspile forced his wife to leave her father's home although attired solely in her night dress and with bare feet. The couple are now hidden somewhere in the woods, south of St. Joseph, and several hundred men, who have been trying to rescue the woman, have been unable to find her. Her father has offered a reward of \$350 for the capture of his son-in-law, dead or alive. It is feared that the woman may be mistreated if not rescued soon.

FEDERAL IS GETTING THERE

No Matter What the Cost. First Purchase Took Paltry Sum of Three Million of Hard Earned Money.

Spokane, Wash., Aug. 15.—A. B. moth mine, and the Empire State group in the Coeur d'Alenes. The issued capital of the Federal Co. will be \$30,000,000, half common and half seven per cent preferred. The remaining \$10,000,000 will be held in the treasury. The deal also included the Everett Smelter and the Moate Creek mines and Ry. The sale was mostly for cash, and for some stock in the new company.

Spokane, Wash., Aug. 15.—A. B. moth mine, and the Empire State group in the Coeur d'Alenes. The issued capital of the Federal Co. will be \$30,000,000, half common and half seven per cent preferred. The remaining \$10,000,000 will be held in the treasury. The deal also included the Everett Smelter and the Moate Creek mines and Ry. The sale was mostly for cash, and for some stock in the new company.

AMUSEMENTS.

Tonight—"A Montana Outlaw."
Monday—Al. G. Field's Minstrels.
Friday—Weber & Field's "Hoity Toity."

"A Montana Outlaw," a story of western life to be seen at the Faurot opera house this afternoon and evening, has for its hero a cowboy, Jack the Buster, who is called upon to perform all sorts of thrilling things. The character is handled in a new way, and is more refined than the usual hero of melodramatic fiction. In the end Jack turns out to be a person of some importance. He rides a trained broncho in several of the scenes and in one of them rescues his employer from lynching arriving just in time to shoot the rope that is being used to hang the unfortunate man.

Throughout the play runs a pretty love story. The action takes place among the ranches of the Kootenai Valley and the characters show the types of that locality. One of the features of interest is the stage coach used in one of the acts. This historic old vehicle is said to have seen actual service in the rough times of the west.

Since the days of Sam Hague's British Minstrels nothing has ap-

proached the local department of the Al. G. Field's Greater Minstrels. In number of singers, superb quality of voices, or ensemble strength it has stood at the top of the ladder. Year after year it has been the aim of Mr. Field to increase and strengthen his vocal corps until today it stands unchallenged in the minstrel world. For the season of 1904 he has engaged

such lyric stars as Reese Prosser, the romantic Welsh tenor; Matt Keefe, the Tyrolean warbler and tenor soloist; Joseph E. Blamphin, the English robust tenor; Wm. H. Atkinson, whose pure tenor is the wonder of the profession; George B. Bathrick, the German baritone; Frank I. Minch, whose powerful bass voice has made him a much-wanted soloist, and in addition the Apollo Quartette and a chorus of trained voices.

The singing in the first part of the great entertainment of the Al. G. Field Greater Minstrel is one of the features of the performance, and reaches the dignity of a chamber concert. Mr. Field has always held unchallenged, the proud distinction of furnishing the best to be had in the vocal line, and his singers the present season are up to it if they do not surpass anything he has heretofore presented. The program offers all that is best in vocal music, and the magnificent choir of voices adds to the high standard of the entertainment.

Miss Rebecca Warren, who is to appear in the title role of the late Lorimer Stoddard's dramatization of "Tess of the D'Urbervilles," at the Faurot opera house soon, is an enthusiast on athletics and all outdoor sports. She is an excellent swimmer, can hit a golf ball without raising a cloud of earth, and can sail a boat with the best of them. But as an equestrienne she has few equals. She is perfectly at home in the saddle, riding a spirited animal with absolute ease, and is rarely so happy as when, with her hair flying in the wind, she dashes along a country road with a spirit that communicates itself to every one with her.

Miss Warren's father, a wealthy merchant, has indulged his daughter in her pet fad to the extent of a breeding farm of no mean proportions, which is located just out of her native city, and where can be found such blood as "The Nimrod," "Dan Daly" and "Casino Girl."

"I just love it," said Miss Warren. "It is the best kind of sport and tends to make one supple and graceful, not to mention the effect on one's general health." One look at Miss Warren's pretty pink cheeks and bright laugh-

ing eyes would convince any skeptic that her argument is correct.

To an exhausted, tired, careworn population, the announcement that "Hoity Toity," Weber & Field's luxuriously extravagant production, on which was lavished \$25,000, will come direct from a solid year's run at Weber & Field's New York theatre, to the Faurot opera house next Friday evening, August 21st, will come as a refreshing tonic. Weber & Field's never do things in a niggardly manner. Their productions are staged

with an utter disregard of money; they are after results, and lovers of musical comedy and bright, clean burlesque, will admit when they see "Hoity Toity" that these men, who stand alone in their class, achieved remarkable results with this, the greatest of all their many beautiful and costly productions. The book and lyrics are by Edgar Smith; the music by John Stromberg; and as all the original and intricate stage business of Julian Mitchell, who wields a magic wand when he handles a chorus, has been retained it is hardly necessary to say that those who revel in this style of amusement, have in store, the treat of the season.

The plot—well, what's the use talking of that? To be sure there is a little of that necessary commodity, but it won't be too great a strain upon a weary body seeking amusement, to

TO WORKING GIRLS

FREE MEDICAL ADVICE
Every working girl who is not well is cordially invited to write to Mrs. Pinkham, Lynn, Mass., for advice; it is freely given, and has restored thousands to health.

Miss Paine's Experience.

"I want to thank you for what you have done for me, and recommend Lydia E. Pinkham's Vegetable Compound to all girls whose work keeps them standing on their feet in the store. The doctor said I must stop work; he did not seem to realize that a girl cannot afford to stop working. My back ached, my appetite was poor, I could not sleep, and menstruation was scanty and very painful. One day when suffering I commenced to take Lydia E. Pinkham's Vegetable Compound, and found that it helped me. I continued its use, and soon found that my menstrual periods were free from pain and natural; everyone is surprised at the change in me, and I am well, and cannot be too grateful for what you have done for me."—Miss JANEY PAINE, 530 West 125th St., New York City. —\$5000 forfeit if original of above letter proving genuineness, cannot be produced.

Take no substitute, for it is Lydia E. Pinkham's Vegetable Compound that cures.

follow it. The scenery and costumes of "Hoity Toity" are gorgeous, the chorus is wonderfully pretty, and this same chorus dances well, it sings well, and it is often and agreeably on the stage. The music from opening chorus to finale is melodious, and several of the numbers are catchy and whistable. In "Hoity Toity" there are said to be more laughs, more chuckles and still more smiles than in all the other musical comedies combined.

Boy Cured of Colic After Physician's Treatment Had Failed.

My boy when four years old was taken with colic and cramps in his stomach. I sent for the doctor and he injected morphine, but the child kept getting worse. I then gave him half a teaspoonful of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and in half an hour he was sleeping and soon recovered.—F. L. WILLIAMS, Shell Lake, Wis.

Mr. Williams is book keeper for the Shell Lake Lumber Co. For Sale by W. M. Melville, old postoffice corner.

Perception of Beautiful.

An instance of the Italian child's quick poignant perception of the beautiful occurred the other day in one of the settlement libraries. A shy little maiden, with a world of dream-thoughts in the depths of her dark eyes, stood by the librarian's desk waiting for Andrew Lang's "Gray Fairy Book." But when it was given into her small hands all the wealth of fairy lore between its covers was for a moment forgotten in contemplation of the cover, a dainty design in gray and silver. All thought of the story vanished; the child stood there eyeing the book with a look that was a caress, her hands just touching the binding, tenderly as something of fragile beauty. And then, very softly as if to herself, she said: "I mustn't get it the least little bit dirty. It's so pretty."

THE ONLY AUTHORIZED LIFE OF POPE LEO XIII. Written with the encouragement, approbation and blessing of His Holiness by Mr. Richard D. Webb, D. D., who for eight years lived in the Vatican as Pope's private secretary. This distinguished American author was summoned to Rome and appointed by the Pope as his official biographer. Approved and recognized by Cardinal Gibbons and all church authorities as the only official biography of the Pope. Over 500 pages, magnificently illustrated. Unparalleled opportunity for a complete best commission. Shipment outside free. THE JOHN C. WINSTON CO., 715 Arch St., Philadelphia, Pa. 25c 12c

HAD BULLET IN HEAD.

Union City, Ind., Aug. 15.—The body of Dan Rudolph, a threshing machine operator near Rossville, ten miles from this city, was found today with a bullet hole through the head and his daughter Sadie, aged 15 was discovered in an unconscious condition with a wound in the head apparently made by a glancing revolver shot.

George Potter, in the employ of Rudolph, was arrested and will be held for a preliminary hearing.

SUMMER EXCURSIONS.

Commencing June 1st, and continuing daily until Sept. 30th, the Erie railroad will sell low rate round trip tickets to Denver, Colorado Springs, Pueblo and Glenwood Springs, Colo., Ogden, Salt Lake City, El Paso, Tex., St. Paul and Minneapolis. Tickets good returning Oct. 31, 1903. For information, see your nearest Erie agent, or write, W. S. MORRISON, T. P. A., 411 Aug 15 Marion, Ohio.

RAINFALL RUN-OFF.

Water supply paper No. 20, now in press, United States Geological Survey, by Mr. George W. Rafter, deals with the subject of the relation of rainfall to run-off. Some of the many conclusions of the paper are here given.

Mr. Rafter holds that there is no general expression giving accurately the relation of rainfall to run-off, every stream being, in effect, a law unto itself. The cause of rainfall, beyond the cooling of the air below the dew point, is not very well understood; and it is uncertain whether rainfall is in any degree increasing. Rainfall and run-off records are conveniently divided into storage, growing, and replenishing periods, a large percentage of the total water supply running off during the storage period. The run-off of streams has been generally overestimated.

Evaporation is a persistently uniform element, and streams with large evaporation are, so far as known, always deforested. Ground water must be taken into account in order to understand all peculiarities of stream flow, and a very important effect of forest is in increasing the ground-water flow, so that it may be said that the removal of forests not only decreases minimum stream flow. It is uncertain whether forests in any way influence the quantity of rainfall.

As a broad proposition merely it may be said that catchment areas from which municipal water supplies are drawn, should be heavily forested. Nevertheless, Mr. Rafter thinks that it would not be a good investment for the city of New York to undertake to reforest the Croton catchment area; and for this opinion, he assigns the following reasons. To acquire the entire watershed—a necessary prerequisite—and to plant it in trees would cost, on a very conservative basis of estimate, about \$24,000,000. There would be some consequent increase of water supply after about 30 years, but 120 years would be needed to realize the full effect of forestation and to produce the estimated resulting additional supply of about 75,000,000 gallons per day. By the expiration of the 120 years, however, the original cost compounded at 3 per cent interest would amount to about \$750,000,000, a sum out of all proportion to the resulting daily increase of water supply. Hence the attempt to increase the water supply by forestation of the Croton catchment area is inexpedient.

PLAN YOUR SUMMER OUTING NOW

Improved Service to Michigan Summer Resorts.

The floating palaces of the Detroit and Cleveland Navigation Co. are more beautiful than ever this season, and have many added conveniences. The parlors and staterooms are newly furnished, and traveling is made delightful over this popular route. Their service has been improved and now make good connections with all railroads, at each of their ports. Send for stamp for illustrated pamphlet. Address: A. A. SCHANTZ, G. L. A. Mich. 49-11 Detroit, Mich.

Nerves Like a Flat-iron.

A woman who suffered for three years from nervous prostration says two bottles of Dr. Williams' Pink Pills effected a complete cure. She hardly knows today whether she has nerves or not, as she never feels them. It is certainly a wonderful remedy. Sold by W. M. Melville.

SPECIAL SUMMER TOURIST FARES.

Via Pennsylvania Lines.

Will be in effect July 7th to September 30th, inclusive to Colorado, Utah, Minnesota, Wisconsin, Iowa, South Dakota and points in Southwest. For particulars consult Ticket Agents of Pennsylvania Lines. Until Sept. 30.

Do you go to bed tired; get up tired; feel tired throughout the day? It's the waste of bodily tissue that is exceeding the supply. Hagee's Cordial not only stops the waste, but repairs the damage and supplies new, healthy, vigorous tissue. Pleasant to take.

HEARST FINALLY LANDS.

Denver, Colo., Aug. 15.—The National Building Trades Council convention today after a spirited debate, endorsed Hon. Wm. Randolph Hearst, of New York, for president of the United States by a vote of 23 to 19.

Mysterious Circumstance.

One was pale and sallow and the other fresh and rosy. Whence the difference? She who is blushing with health uses Dr. King's New Life Pills to maintain it. By gently arousing the lazy organs they compel good digestion and head off constipation. Try them. Only 25c, at H. F. Vorkamp's drug store, corner Main and North streets.

Your Health Depends on Your Kidneys

Every Reader Should Test the Wonderful Merits of this Great New Discovery

IRVING'S BUCHU WAFERS

If you wish to be rich in health, you should be careful of your KIDNEYS as a good financier is of his cash capital. Your KIDNEYS are your capital. Your health depends principally on them. If you keep THEM well you may possess your health in safety. Now by this is not meant that good financing for your health is to overlook all the other organs and merely look after your KIDNEYS. Your other organs may need care, but your KIDNEYS most because they do most. If you are sick begin with your KIDNEYS, because just as soon as they are well, they will help all the other organs to health.

For a great many years it has been the custom for people to say: "My blood is out of order, it needs purifying, I feel all used up, my skin needs clearing, my brain feels tired." They are right, but do they act right? They generally go and get a laxative to purify their blood; but does blood run through the bowels?

Science proves that all the purifying that your blood needs, in fact all that can be done, must be done by your KIDNEYS. The KIDNEYS are filters. They strain and purify your blood. When your blood is impure nothing can purify but your KIDNEYS. When the KIDNEYS are clogged from overwork of any kind, worry, exposure or excesses, they can be set right by that wonderful new remedy known as IRVING'S BUCHU WAFERS. They are a small wafer and pleasant to take. They are not a patent medicine or secret remedy, and the formula is cheerfully furnished to the numerous physicians who prescribe them in their practice, recognizing the efficiency of their ingredients, such as Buchu, Juniper Berries, Asparagus, and other valuable and purely vegetable extracts, which are so concentrated as to make them more than double their value.

WORLD'S FAIR NEWS-NOTES.

The French National Day at the World's Fair in 1904 will be July 14

Lincoln's famous private car will be exhibited in the Transportation building at the World's Fair

Already 550 jars of fruit have been collected for Missouri's fruit display at the World's Fair

The contract for the erection of the Pennsylvania state building at the World's Fair has been let. The structure will cost about \$70,000

Active construction operations have begun on the Pike at the World's Fair. The erection of the "Galveston Flood" and the "Irish Village" began recently

Germany will make a complete medical exhibit including appliances, instruments, diagrams, etc., used in medical lectures, at the World's Fair, next year

A feature of Iowa's dairy exhibit at the World's Fair will be a statue in butter of John Stewart, the pioneer creamery man of that state. It will be life-size and will be kept frozen in a glass case throughout the exposition.

Hives of bees with their living winged occupants busily engaged in making honey will be a feature of Colorado's exhibit at the World's Fair. Nineteen counties of the state will contribute to the collection of bees and honey, making the display a large one.

The first exhibit from Australia for the World's Fair was received recently by Col. J. A. Ockerson, chief of the department of Liberal Arts. It is a set of drawings showing the harbor of Adelaide, South Australia, and the extensive improvements now being made in the harbor.

Among the vegetable curiosities in Missouri's agricultural display at the World's Fair, will be a cucumber two and a half feet long, weighing four and a half pounds, and a head of a cauliflower which measures eight and a half inches in diameter and weighs five and a half pounds

The site for the British National pavilion at the World's Fair having been dedicated with due ceremony the construction of the building is being rushed with the expectation of having it completed before winter. It is a large building, being a reproduction of the Orangery of Kensington Palace, London.

Big Figures.

1,000,000,000 bottles of Perry Davis' Painkiller sold in 60 years. Just think! Nearly enough placed end to reach around the world. What other remedy can boast such a record of services to humanity in curing the stomach and bowel complaints and the many other ailments and accidents constantly occurring even in the most careful homes. There is only one Painkiller, Perry Davis'. Beware of imitations.

W. W. ROACH,

Well Known in This City
Dies at Bellefontaine.

Deceased Was the Father of Former
C. & E. Engineer O. W. Roach,
Who Lived Here.

A dispatch from Bellefontaine, to
the Enquirer says:

"Postmaster Wallace W. Roach,
aged 53, died today after a long ill-
ness of Bright's disease. A remark-
able coincidence is that his brother,
also a postmaster, died at his home in
Atlanta, Texas, today, and the news
of his death was received just a few
hours before his brother's death.

"Wallace W. Roach was once mar-
shal of Bellefontaine, later sheriff of
Logan county, came with in one vote of
being elected county treasurer and
was trustee of the Dayton Insane Asy-
lum under Gov. Bushnell. He had
been postmaster but seven months."

W. W. Roach was quite well known
in this city, having visited here fre-
quently during the several years that
his son, O. W. Roach, was a resident
of Lima. The latter was, for a num-
ber of years, employed as an engineer
in the local yards of the C. and E. rail-
road and resided on south Collier
street. Since leaving Lima, he has
been engaged in the theatrical pro-
fession as an actor.

WILD

Dreams of Riches
by Farmers of
Van Wert Co.,

Bid Fair to Be Dissipat-
ed by the Drill.

Elgin Oil Co., Furnished Two
Dry Ones in Sugar
Creek.

Excitement Over Weill & Co.'s
Timber's No. 1 Has Subsidied.
Sec. 17, Washington Twp.,
Showing Good Ones.

Efforts of various oil operators to
find something new in the Sugar
Creek township district are meeting
with varying success, and, though an
occasional good strike attracts more
than the usual share of attention, the
duster list has been considerably in-
creased of late.

The Elgin Natural Gas & Oil com-
pany completed two wells on the O. A.
Jones farm, in section 33 Sugar Creek
township, both of which were dry and
have been abandoned. These wells
were somewhat west of the previous
developments in that territory, but
there have been numerous dusters all
along the line in previous years.

The Emery Oil Company's test on
the R. E. Jones farm, which was re-
ported as completed last week, has
been put to pumping and is now re-
ported as good for about 15 barrels per
day.

Cheuvront & Stranahan finished
their No. 4 on the D. B. Moyer farm,
in section 2 Sugar Creek and it is a
15 barrel well.

The Pennell Bros. Co. have another
of the 15 barrel variety in the No. 4,
Peter Zuercher section 3, Sugar Creek.

The Leatherwood Oil Company is
now drilling its No. 2, Isaac Hoyer
farm, in section 36, Marion, northwest
of Elida. The first well on this farm,
which gave rise to some excitement,
is making about 10 barrels per day,
and several new ones will soon be
under way nearby. Maize Bros. are
preparing to drill on a farm across the
road from the Hoyer.

In Spencer township, west of Spenc-
erville, Cheuvront & Stranahan com-
pleted their 6th well on the J. J.
Roberts' farm, section 3, and it is
good for about 20 barrels.

H. S. Smith's No. 2 on the E. Kep-
hart lease, section 7, Spencer town-
ship, was a 15-barrel well.

The Pittsburg & Indiana Oil & Gas
company finished up its No. 10, G. J.
Bippus, in section 1, Spencer, and it
will be a 20-barrel well.

In German township, just north of
the Elida road, and a mile from that
town, the Ohio Oil Company has com-
pleted its eighth well on the G. W.

Kittle farm, section 17. It started at
35 barrels.

C. Keller & Co. drilled a test well on
the C. Harrod farm, in section 33 of
Perry township, south of Amherst, and
failed to hit the pay streak.

West of Buckland, in section 29 of
Logan township, Auglaize county,
Kotter & Jack have a very fair well.
It is a test on the Jacob Elsiey farm,
and starts off producing natural, hav-
ing 30 barrels to its credit the first 24
hours.

The farmers up in Washington town-
ship of Van Wert county, near Mid-
dlepoint, are having plenty of fun with
would-be leasers—but they may not
find the oil man such a easy picking as
some people imagine. Weill & Jer-
main's well on the Simon Timber's
farm, section 7, Washington, started
the excitement, and it has been gain-
ing momentum at an unhealthy pace.
The Weill well made 60 barrels natu-
ral in less than 20 hours, and was put
to pumping without a shot. It has
made in all about 90 barrels of oil, but
some trouble with the machinery pre-
vented its steady operation. When
leasers appeared upon the scene, they
were confronted with demands of
bonus that would bankrupt the ordi-
nary mortal, and one farmer demand-
ed an agreement that all powers for
operating wells would be placed on an
adjoining lease. They have had flow-
ing wells in Van Wert county before—
some of which went dry after a couple
of days. Such an event, while not to
be hoped for, would put to a sudden
end, this unwonted excitement.

J. W. Young has another good well
on the E. H. Tussing farm, in section
17 Washington, east of Middlepoint.
This is the third venture on the farm,
and it started producing at 90 barrels
natural. The Emery Oil Company
has been doing considerable work in
that vicinity, but never got much pro-
duction. The Tussing wells have all
been good, and will probably lead to
some more new work.

Van Wert county has been doing
quite well in the past couple of weeks,
another good producer coming up in
Ridge township. This was the York
Ridge Oil Company's No. 3, E. E.
Chambers, in section 33, and it starts
off with 75 barrels natural the first
day.

The Whipple & Ackerly Oil Com-
pany's second well on the John Keller
farm, in section 9 of Jennings town-
ship, was a duster.

Roth, Argue & Co. completed a test
on the Chris Fisser farm, in section
19 of Liberty township, Mercer county,
south of Chattanooga, and failed to get
any oil. It has been abandoned.

The Ohio Oil Company's No. 7, A.
Graubarger, in section 30 of Black
Creek township, was a 25-barrel well
in Union township, of Hancock
county, east of Mt. Cory, the Crown
Oil Company drilled a test well on the
T. C. Kelly farm, section 11, and will
have a light pumper. It is good for
about 10 barrels.

The United States Petroleum Co.
shot its No. 5, Henry Good, section 2,
Marion township, Thursday, and it
is showing for a 100 barrel well.
The same company has a rig up for
No. 20, on O. P. Good, same section,
and is hauling in lumber for No. 5, H.
Good. Sullivan & Co. have reached
the sand in their Stemen No. 1, same
section.

Same Old Jollier.

Mr. Colt, manager of the National
Oil Well supply store, at Lima, was in

Delphos, today with a view of opening
up a branch store here. Thos. Welch
took him to the field west of town.
Mr. Colt is well pleased with the out-
look, and is confident that the day is
not far off when a big field will be op-
ened near here on the west. He stated
that the superintendent of the com-
pany would be in Delphos, Monday,
and would probably take some deci-
sive steps in the matter. Thos. Welch
was instrumental in having Mr. Colt
come to Delphos, and if a supply house
is established here, it will be largely
through his efforts.

THE MARKETS.

Live Stock.

PERSONAL MENTION.

Mrs. Harry Work, has returned to
her home in Chicago, after several
weeks visit with her parents, Mr. and
Mrs. Chas. Curtis.

Catherine and Margaret Gleason of
Toronto, Ont., are visiting their uncle
and aunt, Mr. and Mrs. H. W. Gandy,
of west Spring and their cousins, Mr.
Frank Gandy and wife.

Rev. George Wood Anderson, has
returned from Lakeside, and will fill
his pulpit Sabbath morning and even-
ing.

Mrs. J. Frank Garner and little
daughter, Mable, of Portland, Ind., are
the guests of Rev. G. B. Garner and
family, of 212 Harrison avenue.

Messrs. G. E. Blum and J. R. Reely,
leave next week for New York, for the
purpose of making fall purchases for
the G. E. Blum store.

Born—to Mr. and Mrs. Roy McGilre,
of 537 south Pierce street, a hand-
some 12 pound boy.

Rev. A. E. Manning went to Clevel-
and yesterday to attend the annual
retreat of the clergy.

Miss Mary Seidell returned today
from a visit with her aunt, Mrs. Will
Cobean of Chicago.

Orson Seidell, of east Linden street,
left this morning for a visit with his
uncle, Henry Seidell in St. Marys.

J. Edward Fischer, stenographer
for the Chown Commercial Co., leaves
tomorrow to spend his vacation among
the lakes of northern Michigan.

Mrs. E. N. Fischer and daughter,
Miss Clara Fischer, of east Market
street, and Miss Margaret Ebner of
north West street, will leave tomor-
row for a couple of weeks visit in To-
ledo.

Mrs. T. W. Barchus and son
Thomas, of Woodbury, N. J., are visit-
ing his parents, Mr. and Mrs. R. C.
Jones of north Elizabeth street.

Mrs. Mary E. Erick and Mrs. Esther
Heiser of Lafayette, O., were the
guests of Mrs. J. E. Lowry, 134 south
Elizabeth street, on Friday. Both are
Worthy Matrons of Lafayette chapter
of the Eastern Star, and Mrs. Heiser
is one of the grand officers of the
grand chapter of that order.

Mr. and Mrs. J. E. Hefflinger, of
Springfield, O., and Mr. Cox, of Find-
lay, were the guests at Judge Lowry's
on Wednesday.

Mrs. Glen Wallace and son, are visit-
ing relatives at Bellefontaine.

The New Fall **YUMAN HATS** August 29th

Don't forget the date, as you will surely want one
of these Swell Hats. You will find everything new at

MORRIS BROS.,
217 North Main Street, Lima, O.

ARE COMING IN BUNCHES.

Freights Collide on Pennsylvania.
Two Brakemen Killed. En-
gineer Injured.

Philadelphia, Pa., Aug. 15.—Two
freight trains on the Pennsylvania
railroad crashed together early today,
between St. David's and Radner, sub-
urban stations a short distance west
of this city, killing two brakemen
and injuring the engineer of one sec-
tion. A tramp who had his collar
bone broken in the accident, says
several of his companions were riding
on the freight, and it is probable they
are buried beneath the wreckage. The
trains were east bound, and owing to
the dense fog, the engineer could not
see the signals until it was too late to
prevent the second train from crash-
ing into the first. A dozen cars were
scattered over the four tracks, and it
was several hours before traffic could
be renewed. The dead brakeman was
named H. B. Tarbett.

ACCORDING TO OFFICIAL

Count 10669 People Saw Corbett
Go Down Before Jeffries
Last Night.

San Francisco, Aug. 15.—According
to the official count, 10,669 people
viewed the contest between Corbett

and Jeffries. The gross receipts
amounted to \$62,340. Of this sum the
fighters received 70 per cent, or \$43,
628, which was divided, 75 per cent to
the winner and 25 per cent to the
loser. For his victory, Jeff is enriched
to the extent of \$33,728. While Cor-
bett gets \$10,910.

There was practically very little
money bet on the fight at the local
pool rooms. The heaviest money
waged was by friends of Jeffries, who
came up from southern California to
see the champion win. Nearly all the
money went at the odds of 2 to 1 in
Jeff's favor. The reason given for so
little betting is generally conceded to
be that the betting public had very lit-
tle faith in Corbett's chances.

Balloon ascension and parachute
drop at McBeth Park, Sunday after-
noon. 50-sat in Aug.

BRAKES DIDN'T WORK.

Wilkesbarre, Pa., Aug. 15.—The
brakes on a coal train on the Central
railway, of New Jersey, failed to hold
on the steep mountain grade near Ash-
ley, today, and a big wreck was the
result. The engine preceded the
train to Ashley, to take water, and
was about to start back to pick up the
cars, when they came dashing down
the mountain side at a terrific speed,
they crashed into the locomotive and
Charles Devitt, a brakeman was
caught in the wreck and fatally injured.
He had a leg and arm cut off.
Engineer Johnson, of another train,
which was standing nearby, was
struck by flying debris and seriously
injured. Eighteen cars and their
contents were strewn over both tracks,
delaying traffic for several hours.

Balloon ascension and parachute
drop at McBeth Park, Sunday after-
noon. 50-sat in Aug.

WEDDINGS

**Bring Happiness to Two
Mated Couples.**

On Monday evening, at 7:30 o'clock
at the residence of Mr. and Mrs.
Lantz, of 524 Prospect avenue, by Rev.
A. E. Davis, John Height and Miss
Julia Ann Porter, were united, in the
holy bonds of wedlock. Mr. Height is
employed by contractor A. R. Webb,
and Miss Porter's home is at Mar-
sailles. Their many friends wish
them a long and happy wedded life.

On Thursday evening, at 7:30, at
the residence of the officiating minis-
ter, Rev. A. E. Davis, 580 east Elm
street, James G. Zimmerman and Miss
Rosa Mox, were made one. They pro-
ceeded to their own home on north
West street, where a company of
friends awaited them. The groom is
a popular employee of the C. H. &
D. shops, and the bride is a charming
young lady of Reese avenue. They,
with the above named couple are ac-
tive members of the U. R. church.

SOCIETY and the CLUBS.

Mrs. L. G. Peck, of Kansas City, has gone to New York after a several weeks visit with her son, Mr. Seymour Peck, of west Spring street.

Mrs. Golley and daughter, Margaret, of west North street, are home from an outing at Niagara.

The Congregational circle will receive their friends at the home of Mrs. A. S. Bower, of west North street, next Wednesday evening.

Wednesday evening was delightfully cool for the midsummer hop given at Wheeler hall by Miss Hazel Hover, Miss Clara Frey, Miss Bonnie Linn, Miss Elsie Robinson and Miss Louise Beebe to their numerous young friends. The decorations were all in green and red, the electric light globes being covered with red and twined with asparagus fern. Many pillows and rugs formed cozy corners for between dances. The program held fifteen dances and all through the evening the dancers enjoyed draughts of sparkling frappe, and at intermission, ices and cakes. Among the dancers were Miss Georgia Stewart of Washington D. C., Miss Genevieve Scott of New York, Miss Rounsville of Columbus, Miss Nellie Jaeger of Fostoria and Mr. Ralph Garretson of Boston. Lending dignity to the occasion were Mr. and Mrs. Frank Frey, Mr. and Mrs. J. O. Hover, Mr. and Mrs. J. Robinson, Mrs. B. Linn and Mr. and Mrs. Beebe.

Miss Lillian Lott, of Tiffin, returns home tomorrow, after a weeks visit with the Misses Dorsey, of south Baxter street.

Mr. and Mrs. J. A. Bogart, of west Market street, entertained friends at dinner, Tuesday evening.

Monday afternoon Mr. and Mrs. J. W. Roby's guests, Mr. Arthur Curran of Muncie, Ind., Miss Kittie of Indianapolis and Miss Marie Curran of Delaware, were given a gay little picnic at McCullough's lake with a party of congenial friends.

Mr. Robert Parmenter and family left yesterday for Toledo, where they joined the Buckeye Press Association and left on a special train for northern Michigan, where they will camp out for a week.

Mr. Arthur Curran and Miss Marie Curran have gone to Delaware, Ohio after a visit with Mr. and Mrs. J. W. Roby, of south Baxter street.

Mr. and Mrs. Carl Boynton, of New York, will arrive next week for a visit with Lima friends and relatives. Mr. and Mrs. W. J. Steckle, of Bloom-

Woman's Nature

Is to love children, and no home can be completely happy without them, yet the ordeal through which the expectant mother must pass usually is so full of suffering, danger and fear that she looks forward to the critical hour with apprehension and dread.

Mother's Friend, by its penetrating and soothing properties, allays nausea, nervousness, and all unpleasant feelings, and so prepares the system for the ordeal that she passes through the event safely and with but little suffering, as numbers have testified and said, "it is worth its weight in gold." \$1.00 per bottle of druggists. Book containing valuable information mailed free.

DR. GRANTFIELD REGULATOR CO., Atlanta, Ga.

bay fever victims, and will leave Monday for Bay View, Mich.

The choir of St. Paul's Lutheran church, surprised Miss Edna Swilk, at the home of Miss Anna Calkins, of east High street, Monday evening, giving her an evening she will long remember in her new home in San Francisco.

McCullough lake was the scene of a merry picnic Tuesday afternoon, Mrs. Minnie Walker being the hostess for a number of friends.

Mr. W. McCarthy, of south McCall street, leaves next week for New York, where he will join Mrs. McCarthy and son and his sister, Miss Della McCarthy, who have been there for several weeks.

Saturday evening Mr. and Mrs. T. G. Laney entertained a few gentlemen friends informally in honor of Mr. Laney's birthday anniversary.

Miss Mavanwy Jones, of west North street, Miss Flora Bower of Circular street, and Miss Mildred Rumble of west Market street, attended the teachers' convention in Boston and from there they went to Nova Scotia, where they will spend three weeks on the shores of the Atlantic.

Mrs. Luah M. Butler and daughter Gladys, of west spring street, are enjoying an outing in northern Michigan with the Buckeye Press Association, and will return home next Friday.

Miss Mabel Mackenzie, of south Collet street, is home from a week's outing at Algonac, a quaint old fishing town in Michigan.

Miss Ruth Towasend entertained at tea last Saturday evening the following young girls: Miss Ruth O'Dwyer of Jackson, Mich., and Miss Mabel Smith of Cleveland, were the honor guests, Misses May and Edith Argue, Miss Pearl Grosjean, Miss Margaret Finley, Miss Marjorie Hacke-dorn, Miss Elma Burton and Miss Nano Golley. The decorations were purple and white garden flowers, and several dainty courses were enjoyed.

Saturday at one o'clock Mrs. Wm. Stewart, of west North street, entertained at a luncheon, honoring Miss Miller of Fremont.

Mrs. C. M. Townsend, of west Spring street, is in Huntington, Ind., visiting her son, Mr. Frank Townsend.

Mr. and Mrs. Harold Standish and Mr. and Mrs. George Straw entertained a few friends delightfully one evening recently at a party at the Elektroon. Mr. and Mrs. Hobart Scott, of St. Marys, were from out of town friends in attendance.

Wednesday evening Miss Rebecca Wiley, of Piqua, was the guest of honor at a dainty tea given by Mrs. T. R. Terwilliger of west Market street.

Mr. Norman Townsend leaves tomorrow to spend his vacation in Huntington, Indiana.

The young misses who enjoyed the house party at the home of Miss Hila Fugley in Rockford, have returned home delighted with their outing, each hour being filled with genuine fun, hay rides, luncheons, dinners and teas being the regular round. Miss Forest Ireland, who has been visiting in Van Wert, joined them during their stay.

The following is from the Sandusky City Register:

"Mrs. James Melville and Miss Mary Melville entertained at cards Tuesday afternoon at the yacht club, in honor of Mrs. William Melville of Lima, and Miss Flora Cotton of Providence, Rhode Island. The dancing room on the upper floor was used, and there were ten tables of six handed euchre. The color scheme was gold in honor of the colors of the Kappa Alpha Zeta fraternity of which Miss Cotton is a member, and whose national convention she is to attend in Minneapolis on the 25th of the present month as the delegate from the chapter in Brown university. Golden glow blossoms, tastefully grouped and placed about the rooms with the yacht club flags, made a beautiful decoration. Lemonade, ice cream, cake and coffee were served during the afternoon. Mrs. Harry Nason won the prize for the highest number of progressions, a fine cut glass sherbet set, and Mrs. A. L. Moss was awarded the prize for the highest number of lone hands, and received a beautiful crystal candle stick. The affair was very delightful and was out of the usual in that the guests comprised both matrons and maids. Among the out-of-town guests were Mrs. Will Zollinger of Akron, Mrs. Sheldon of Cleveland and Miss Helen Bailey of Zanesville."

Mrs. George Paulis and daughter Kathryn are in Litchfield, Ill., visiting relatives.

Mrs. Will Beach and son of north McDonel street, leave in a few days for Bay View, Mich.

Mrs. J. P. Beckley, of west Market street, will be the hostess for the Woodloughs circle next Thursday afternoon.

Mr. George Paulis and son Lee are

PREP. RING MEMORANDUM.

Sofia, Bulgaria, Aug. 15.—The Bulgarian government is preparing a memorandum to the powers, giving statistics of the acts of oppression by the Turkish officials in Macedonia since the institution of form program three months ago, and other evidence in support of Bulgarian belief in the hopelessness of expecting any good results from the Russo-Austrian reform.

Better Than Gold.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic for weak run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by H. F. Vorkamp, druggist, corner of Main and North streets.

STRIKE SETTLED.

Youngstown, Ohio, Aug. 15.—The strike of the union members employed by the Foundrymen's association which began on July 27th in this city. Niles and Girard, has been settled, the employers agreeing to the demand for a \$3 minimum wage scale. All molding is to be done by hand, eliminating molding machines. About 250 men were out.

Starting and Staying.

At the start in a long race, the advantage often appears to be with an outsider. But the race is won not in starting but in staying. The quality which wins is staying power. It is so in the race of life. Staying power wins, and as a rule the best stayer is the man with the best stomach. All physical strength is derived from food which is properly digested and assimilated. When the food eaten is only partly digested and assimilated there is a loss of nutrition which means a loss of strength and the general result is physical break-down.

Dr. Pierce's Golden Medical Discovery gives strength and staying power, because it cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect digestion and assimilation of the food eaten, and so strengthens the body naturally by the nutrition derived from food.

"I was troubled with indigestion for about two years," writes Wm. Bowker, Esq. of Julietta, Mich. "I tried different doctors and remedies but to no avail, until I wrote to you and you told me what to do. I suffered a pain in my stomach and left side and thought that it would kill me. Now I am glad to write this and let you know that I am all right. I can do my work now without pain and I don't have that tired feeling that I used to have. Five bottles of Dr. Pierce's Golden Medical Discovery and two vials of his 'Pleasant Pellets' cured me."

Accept no substitute for Golden Medical Discovery. There is nothing "just as good" for diseases of the stomach, blood and lungs.

Dr. Pierce's Pellets are easy and pleasant to take. A most effective laxative.

ENGLISHMAN WON.

Southampton, L. I., Aug. 15.—H. L. Doherty, the English tennis champion, defeated Wm. A. Larned, the American champion, in the final match of the series on the courts of the Meadow club. The visitor won in three straight sets by the score of 6-1, 6-2, and 6-1. In the opening set three of the games went to Doherty, the American playing with all the force that he possessed for the points. The steadiness of the Briton carried him past the dangerous places, and he won the advantage and game by placing the ball to Larned's back hand and taking the points on his errors. The American's service was very weak, and he lost many points by double faults when he most needed them. In the second and third sets Larned showed no improvement, and Doherty had no difficulty in bringing the match to a speedy ending.

A Physician Healed.

Dr. George Ewing, a practicing physician of Smith's Grove, Ky., for over thirty years, writes his personal experience with Foley's Kidney Cure:

"For years I had been greatly troubled with kidney and bladder trouble and enlarged prostate gland. I used everything known to the profession without relief, until I commenced to use Foley's Kidney Cure. After taking three bottles I was entirely relieved and cured. I prescribe it now daily in my practice, and heartily recommend its use to all physicians for such troubles. I have prescribed it in hundreds of cases with perfect success."

Not Over-Wise.

There is an old allegorical picture of a girl scared at a grass-hopper, but in the act of heedlessly treading on a snake. This is paralleled by the man who spends a large sum of money building a cyclone shelter, but neglects to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against bowel complaints, whose victims outnumber those of the cyclone a hundred to one. This remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For sale by W. M. Melville, old postoffice corner.

More Interesting.

Miss Gusch—Didn't you really attend the wedding?

Mr. Crabbe—No. There was a prize fight on at the club that night, and—

Miss Gusch—And would you rather attend a prize fight than a wedding?

Mr. Crabbe—Of course. You can't bet on the best man at a wedding.—Philadelphia Press.

"I had diabetes in its worst form," writes Marion Lee, of Dunreath, Ind. "I tried right physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man." It is medicine free from poisons and will cure any case of kidney disease that is not beyond the reach of medicine. Sold by H. F. Vorkamp.

TRAIN RAN INTO AN OPEN SWITCH.

The Seashore Limited

Wrecked While Running at a High Rate of Speed.

Engineer Chas. Eaton Killed

And Nearly a Score of Passengers and Trainmen Injured—Three Lima People Were on the Ill Fated Flyer—Accident Occurred at Van Wert.

The Dead.
CHARLES A. EATON, engineer, Ft. Wayne, Ind.

The Injured.
A. W. BOGGS, fireman, Ft. Wayne, Ind.

B. W. HEALEY, postal clerk, Plymouth, Ind., head cut and internally injured.

N. T. FRAVEL, postal clerk, Canton, O., badly bruised and back injured.

FRANK MONTGOMERY, Ada, O., postal clerk, head badly cut and leg and back injured.

C. F. STAHL, postal clerk, Chicago, Ill., ribs broken and ankle dislocated, bad cuts on leg, head and face.

A. C. ANSTATT, postal clerk, Ft. Wayne, Ind., leg and back hurt.

HARRY WRIGHT, postal clerk, of Chicago, bruised and injured slightly.

Wm. BOWEN, postal clerk, Chicago, slightly bruised.

JOHN O. LEPPLE, postal clerk, of Valparaiso, Ind., knee cap badly injured, also back.

B. W. WIGENT, postal clerk, Columbia City, Ind., slightly bruised.

A. P. KYLE, brakeman, Ft. Wayne, severe cut on head and side and back injured.

CLARK CHANNEL, baggage man, of Crestline, back injured and badly bruised.

R. F. ARMSTEAD, Chicago, Ill., arm put out on head and internal injured.

Dr. J. O. JENKINS, Rushmore, O., artery in right hand cut.

J. H. BARNES, Baltimore, O., slight cuts and back injured.

O. F. RAMSEYER, Lima, left side and left thigh bruised.

A. E. SIMMS, Lima, body and arms bruised.

MISS EFFIE McCOMB, Lima, squeezed between car seats and body and limbs bruised.

The Seashore Limited, one of the fastest trains on the Pennsylvania railroad, due here at 4-27 o'clock each afternoon, was wrecked near the Cincinnati Northern crossing at Van Wert yesterday afternoon.

Engineer Chas. Eaton, one of the best known and most popular passenger engineers on the Ft. Wayne-Crestline division, was instantly killed and a score of passengers, including three Lima people, were more or less injured. The train was about 15 minutes late and was running at a rate of speed of fully 45 miles an hour when it dashed into a switch that had been left open by a local freight brakeman and in an instant, with a terrific crash, collided with a cut of freight cars that were standing on the siding. The engine was turned half around and stripped, the first five cars in the train were badly wrecked and several of the freight cars that were standing on the side track were reduced to kindling wood.

MANY LIVES
Were Saved by the Bravery of Engineer Eaton.

Engineer Charles Eaton died a hero at his post of duty and it is believed that many lives were saved by his bravery and rare presence of mind. In the two or three seconds of time that he had before death overtook him he did all that any human being could do to protect the precious lives of those in the train behind him. When he discovered the open switch he threw his air brake lever into the emergency notch and opened the sand valves and when he was found, dead in the mass of wreckage he was pinned against the boiler head with both hands tightly clasped the reverse lever indicating that he was in the act of putting his engine in the reverse motion when the fatal crash occurred.

Mr. Eaton was well known in this city. Several years ago he was on one of the Lima-Ft. Wayne local freight

runs. He boarded at the old French house and after being promoted to a passenger engineer run was an occasional visitor in this city. During the time that the New York-Chicago flyer was on the schedule he was in charge of one of the engines on that run and was considered the fastest and most reliable "runner" on the Ft. Wayne-Crestline division.

THROUGH WINDOWS
The Lima People Who Were Aboard the Train Escaped.

O. F. Ramseyer, of the City Book Store firm, Woolery & Ramseyer, A. E. Simms, a traveling salesman employed by the Heistand-Hover-Overly Company, and Miss Effie McComb, daughter of D. A. McComb, the well known jeweler, were the Lima people who were aboard the train, the two men being in the smoker and Miss McComb being in the first ladies' coach. Mr. Ramseyer was the most severely injured of the three, being badly bruised about the left side and on the left hip and thigh, and there is a possibility that one or two ribs on his left side were slightly fractured. The smoker was the second car behind the engine and Mr. Ramseyer states that when engineer Eaton applied the emergency air he was thrown into the aisle and the next instant the awful crash came but he saved himself from being hurled through the car by grabbing hold of the back of one of the seats. The car landed on top of the boilerhead and tank of the engine and immediately filled up with steam and smoke. The forward end of the smoker was jammed against a box car and the rear end was telescoped with first ladies' car. Mr. Ramseyer crawled through a window on the south side of the car and Mr. Simms knocked out a window glass on the north side of the car with his elbow and escaped through this opening. His injuries are only moderate bruises. Mr. Ramseyer was returning home from Bluffton, Ind., to which place he had accompanied his aged mother and he immediately sent a message to her to inform her that he was not serious and was injured.

Miss McComb was in the third car behind the engine and states that the application of the emergency brakes threw her against the back of the seat in front of her and in another instant the coach jammed into the head end of the dismantled engine and the rear end of the smoker and she was pinned between two seats. A traveler enroute to Pittsburg assisted her from her uncomfortable position.

LOCAL CREW
Did Some Switching, and Pulled Out, Leaving Switch Open.

A press dispatch from Van Wert sent out last night gives the following account of the wreck:
The New York Limited on the Pennsylvania railroad ran into an open

switch, at the Burt street crossing, in this city, at 4 o'clock yesterday afternoon, killing engineer Charles A. Eaton, of Ft. Wayne, and seriously injuring the fireman, brakeman, baggage man and one postal clerk, and slightly injuring eight postal clerks and three passengers. Fireman A. W. Boggs, of Ft. Wayne, will die.

The train consisted of a mail car, baggage car, combination express and baggage coach, two day coaches, dining car and three Pullman coaches. Evidently the engineer discovered the open switch shortly before he struck it, as he had applied the emergency brakes, shut off steam and thrown over the sand valve before he struck a cut of cars on the siding. The train was about 15 minutes late, and when the open switch was discovered it was speeding at the rate of about 45 miles an hour.

The engine first struck a flat car, going completely over in and toppling over on its side, the mail car passed completely over the engine and landed in a cornfield. The smoking car was resting on top of the engine but the four passengers within escaped with a severe shaking up, and slight bruises.

Reduced to Kindling.
The end of the next coach was badly crushed, but the passengers escaped with small bruises. Five coaches left the track and were reduced to kindling wood. The five rear coaches remained on the main track and their occupants escaped injury.

Nine clerks were in the mail car, five being on duty and four dead-heading east to take their regular run. "To the brave engineer's presence of mind and promptness in doing all in his power to stop the progress of the train is due the fact that the list of killed and injured is not greater. He stuck to his post unto death and was pinned down in his cab and terribly scalded. The engine toppled over on its side.

Fireman Boggs also stuck to his post, but was badly scalded before he was taken from the wreck. The injured were promptly cared for their wounds dressed, and all were able to take different trains for their homes last night. Half an hour before the wreck occurred, the crew of an east bound local freight in charge of conductor G. C. Auer and Engineer John Parrish, had been doing some switching on the siding near the scene of the wreck and it is said the switch was left open by them.

Coroner Dr. L. P. Jackson, held a preliminary inquest this evening, taking data and adjourning until Wednesday morning.

Engineer Eaton was one of the best known men on this division he having been in the service for upward of 20 years and he had the record of having made the fastest run drawing the twenty-hour train on this division. His remains will be sent to Ft. Wayne on the early morning train.

HELD MEETING ON A SWITCH.

With Gould Proxies in Their Pockets, They Re-elected the Old Board.

Toledo, O. Aug. 15.—J. Edward Simmons, of New York, R. C. Martin, of New York, and Henry W. Ashley, of Toledo, the retiring members of the Ann Arbor board of directors, were re-elected today. The stockholders meeting was held in the Ann Arbor private car, which was run in on a siding at Durand, Mich. long enough to complete legal requirements of a meeting. It was attended only by D. C. Tate, of New York, secretary of the company, and Henry W. Ashley, assistant to the president, who held the proxies of the Gould syndicate.

NOTICE!
We have moved to our new location, second floor of the new Times building near the postoffice.

We take entire charge of estates, collect and promptly remit rentals, buy and sell farms and city property, negotiate loans, and carry on a general agency and promoting business.

Our specialty is buying and selling real estate on the modern co-operative plan. We now have \$12,000 capital employed and agents in sixteen other towns to assist us.

VERY HOT TIME FOR SLEEPING DROVERS.

Cincinnati, Aug. 15.—Fire starting in a shed in which stock drovers slept at the Union Stock Yards early today caused a loss of \$40,000. A quantity of live stock escaped destruction and three men were severely injured.

CONGRESSMAN WILBER SAYS

(To The Pe-ru-na Medicine Co., of Columbus, O.)

"Pe-ru-na is All You Claim For It."

Congressman D. F. Wilber, of Columbus, N. Y., writes:
The Peru-na Medicine Co., Columbus, Ohio:
Gentlemen:—Persuaded by a friend I have tried your remedy and I have almost fully recovered after the use of a few bottles. I am fully convinced that Peru-na is all you claim for it, and I cheerfully recommend your medicine to all who are afflicted with catarrhal trouble."—David F. Wilber.

Peru-na a Preventive and Cure for Colds.
Mr. C. F. Given, Sussex, N. B., Vice President of "The Past-time Boating Club," writes:

"Whenever the cold weather sets in I have for years past been very sure to catch a severe cold which was hard to throw off, and which would leave after-effects on my constitution the most of the winter.

"Last winter I was advised to try Peru-na, and within five days the cold was broken up and in five days more I was a well man. I recommended it to several of my friends and all speak the highest praise for it. There is nothing like Peru-na for catarrhal affections. It is well high infallible as a cure, and I gladly endorse it."—C. F. Given.

A Prominent Singer Saved From Loss of Voice.

Mr. Julian Weisaltz, 175 Seneca street, Buffalo, N. Y., is corresponding secretary of The Sangerist, of New York; is the leading second bass of the Sangerist, the largest German singing society of New York and also the oldest.
